ABOUT US

A Miami trading house connecting
certified seafood producers to buyers
worldwide.

Surface Trading Corp is a Florida corporation headquartered in Miami. Our seafood division sources wild-caught and farm-raised fish, cephalopods and crustaceans from four producing origins — Brazil, Morocco, Oman and Chile — and supplies importers, distributors, processors and food-service operators across the Americas, Europe, Africa, the Middle East and Asia.

We work only with processing plants approved by the competent sanitary authority of each origin, and we manage each order from specification to delivery: product definition, pre-shipment inspection, export documentation and cold-chain logistics.

DIVISION

SEAFOOD

HOW WE WORK

From the dock to your cold store,
one accountable partner.

Sourcing

Direct relationships with fishing fleets and processing plants in each origin. Species, cut, size grade and packing defined to the buyer's specification.

Quality & Inspection

Approved, export-registered plants only. Independent pre-shipment inspection and laboratory analysis available on request.

Documentation

Commercial invoice, packing list, bill of lading, certificate of origin and official health certificate issued by the origin authority.

Cold-Chain Logistics

40' reefer containers at -18 °C or below. FOB, CFR or CIF to the destination port, with full shipment tracking.

A photograph of a fishing boat on the ocean. A large net is being pulled up, filled with many small, silvery fish. A person in an orange jacket is visible on the boat. The background is a hazy sea and sky.
